N°5

120\$

With its unprecedented use of aldehydes and layers of complexity, N°5 was the world's first abstract fragrance. The Eau de Parfum draws inspiration from the original Parfum. This floral bouquet, composed around May rose and jasmine, features bright citrus top notes. Aldehydes create a unique presence, while the smooth touch of bourbon vanilla yields an incredibly sensual sillage.

Miss Dior blooming bouquet

180\$

Miss Dior Blooming Bouquet Eau de Toilette has been composed like a floral embrace, both lively and tender. It is a faceted and spontaneous bouquet of newly blossomed flowers. Its contrasting trail opens with the intensity of the feeling of love at sight, conveyed in the lively notes of sweet pea and bergamot.

Hugo Boss

100\$

The BOSS man is primed to succeed - competitive, driven and ambitious. His daily preparation rituals are integral to his personal quest for success and BOSS Bottled has become an established part of his daily armour: BOSS Bottled is the encapsulation of BOSS in a fragrance. Confident and contemporary: clean lines make BOSS Bottled an iconic classic.

Coco Mademoiselle

165\$

Irresistibly sensual, irrepressibly spirited. A sparkling, bold ambery fragrance that recalls a daring young Coco Chanel. An absolutely modern composition with a strong yet surprisingly fresh character. A double name, a double personality. Independent and endearing, mischievous and provocative, light and exuberant. The expression of a woman free to reinvent herself day after day.

Coco Noir

168\$

CHANEL has always entrusted black with an essential role: to highlight a woman. COCO NOIR celebrates this paradox and incarnates the iconic shade by using a deep black to bring a dazzling femininity to light. Intimate, seductive and intensely brilliant, COCO NOIR is a contemporary expression of magnetic sensuality told in a modern ambery fragrance.

Dior homme parfum

250\$

Dior Homme Parfum represents the quintessence of Dior Homme. A smooth and intense leather fragrance with an unusual concentration. An intensely floral vintage nectar with woody aromas that keep it from falling into caricature. Its sophisticated animality develops differently on each person's skin to reveal unique facets, like a distinctly recognizable olfactory signature.
